PREAMBLE

We, the people of Earth, have witnessed throughout history the suffering caused by war, injustice, and the absence of an impartial force capable of protecting every human being regardless of their nationality, religion, wealth or political affiliation.

We have witnessed international institutions paralyzed by the interests of great powers.
We have witnessed laws without enforcement.
We have witnessed justice without execution.
We have witnessed the strong do as they wish while the weak suffer what they must.

Today, March 1, 2026 — on a day when multiple wars burn simultaneously across our planet — one person, in one room, with no money, no power and no connections, declares that this must change.

This document is the first stone of a new foundation for humanity.

ARTICLE 1 — NAME AND IDENTITY

The organization shall be known as:

ATLAS PROJECT
«The Force That Holds The World»

Named after Atlas — the figure from ancient mythology
who carried the weight of the world on his shoulders.
Not as a conqueror. Not as a ruler.
But as a guardian.

ARTICLE 2 — MISSION

To create the first truly independent international
force in human history — accountable to no nation,
no religion, no ideology and no economic interest —
accountable only to humanity itself.

To stop wars.
To enforce international law equally for all.
To protect every human being on any land.
To ensure that no leader — of any nation —
stands above the law.

ARTICLE 3 — THE PROBLEM WE SOLVE

The current world order is broken.

The evidence is undeniable:

— The UN Security Council is paralyzed by veto power.

Five nations can block justice for eight billion people.

— The International Criminal Court has no enforcement.

Warrants are issued. Nothing happens.

— International law exists without a sheriff.

Laws without enforcement are not laws.

They are wishes.

— Great powers wage wars without consequence.

Small nations suffer without protection.

— Nuclear weapons exist in the hands of nine states

with no independent oversight.

Atlas exists to solve these problems.

Not with words. With structure. With force. With justice.

ARTICLE 4 — CORE PRINCIPLES

PRINCIPLE 1: ABSOLUTE NEUTRALITY

Atlas takes no side in any political, religious,
national or economic conflict.
Atlas stands only on the side of the human being.
Every human being. Everywhere.

PRINCIPLE 2: EQUAL APPLICATION OF LAW

The law applies equally to the president
of the most powerful nation on Earth
and to the poorest citizen of the smallest country.
No exceptions. No double standards.

PRINCIPLE 3: TRANSPARENCY

Every financial transaction of Atlas
shall be publicly visible to every human on Earth.
No hidden accounts. No secret budgets.

PRINCIPLE 4: DEMOCRATIC LEADERSHIP

No single person shall hold absolute power in Atlas.
Leadership rotates. Terms are limited.
Power is collective.

PRINCIPLE 5: NON-AGGRESSION

Atlas never initiates conflict.
Atlas only intervenes to stop aggression,
enforce law and protect the innocent.

PRINCIPLE 6: INDEPENDENCE FROM ALL POWERS

Atlas accepts no instruction from any government,
corporation, religion or ideology.
Atlas serves only the mandate of humanity.

ARTICLE 5 — VISION

Atlas will grow from one person today
to a force representing the majority of humanity.

A force with:

- A budget larger than all world armies combined
- A volunteer force of one billion people
- Independent financial system
- Independent satellite network
- The legal authority to arrest war criminals
anywhere on Earth
- The physical capability to stop any war

This is not a dream.

This is an engineering problem.

And engineering problems have solutions.

ARTICLE 6 — FINANCIAL MODEL

Atlas will be funded by the people of Earth directly.

Not by governments. Not by corporations.

Not by billionaires with agendas.

ARTICLE 7 — WHAT ATLAS IS NOT

Atlas is NOT a world government.

Atlas does NOT seek to rule nations.

Atlas does NOT impose culture or values.

Atlas does NOT serve any religion.

Atlas does NOT serve any political ideology.

Atlas is a guardian. Not a ruler.

A shield. Not a sword of conquest.

ARTICLE 8 — A MESSAGE TO HISTORY

To those who will read this document
ten, fifty, one hundred years from now:

This document was written on March 1, 2026.
While bombs fell on Tehran.
While wars burned on three continents.
While the world's institutions stood paralyzed.

One person — without money, without power,
without connections — decided:
enough.

History is not made by the powerful.
History is made by those who refuse to accept
that the world cannot be better.

We refuse.

FOUNDER'S DECLARATION

I, Islam Duysenbaev ,
a citizen of the Republic of Uzbekistan,
born on the soil of the ancient Silk Road,
in the land of Al-Khorezmi, Ibn Sina and Ulugbek —
men who changed the world with ideas alone —

hereby declare the Atlas Project
officially founded this day,
March 1, 2026.

I commit my life to this mission.
I ask nothing in return except one thing:
that when Atlas is real and strong —
it remains what it was born to be.

A guardian of humanity.
Nothing more. Nothing less.
